

M.A. (Applied Psychology)

A professional training in the behavioral sciences, particularly in the subject of Applied psychology helps an individual tremendously in terms of self growth, good career opportunities, in educational, organizational, clinical field or in research. There has also been a tremendous upsurge for growth as a sports psychologist and as a forensic psychology expert in fields like criminology.

GITAM University started M.A in Applied Psychology program 5 years back and our students have been suitably placed in prestigious hospitals like NIMS and Navy Hospital, or working as school/college/ helpline counselors.

The students get an exposure in varied domains of applied psychology, viz. social, cognitive, clinical and Indian psychology, to name a few. The objective of the course is to prepare the students for a career in psychology and the curriculum.
